# TO STRANGERS.

FROM six to eight months in the year many strangers may be found in Newport who are obliged to make their stay very brief, but who desire, during their visit, to see as much of the place as is possible, and to aid them in so doing the publishers of the Directory append a few of the most attractive points in and about the place, and how to reach them.

Leading off from Thames street — the principal thoroughfare — will be seen, from the head of the wharf where the boats of the Continental Steamboat Company stop, streets running parallel with Thames, viz: Spring street and Bellevue avenue, and once on the latter, enough will be seen to pay for the trouble of ascending the hill, which, however, is not very steep. By going up the hill on Mill street, which is only a stone's throw for passengers via Providence and New York boats, and also from the only railroad depot in the place, visitors will pass Touro Park, which faces Bellevue avenue. In the park will be seen the Old Stone Mill, which always attracts a good deal of attention, and in front of it is the fine bronze statue of Commodore M. C. Perry, who negotiated the treaty between this country and Japan.

After resting a few moments on the benches beneath the shady trees, a visit should be paid to the Redwood Library on Bellevue avenue, a few rods northeast from the park. Continuing on the same thoroughfare a short distance, the Club House, Jewish Cemetery — a delightful spot — and the Jewish Synagogue may be seen. Retracing the few steps necessary to again reach the park, a stroll should be taken south or down the avenue. Just southeast of the park, say about a minute's walk, is the road leading to the bathing-beach, the attractions of which are well

known, on the edge of the cliffs. At the beach is a neatly-gravelled walk, which extends for miles, and although the land is owned by the millionaires whose handsome "cottages" line the cliffs, you have a right to walk therein to your heart's delight, the city having a claim for this privilege. A walk along the cliffs will be found very interesting, and you will have a grand chance to take in the beautiful surroundings. You can, after your walk, reach Bellevue avenue at its extreme southern end, where you will find Burton's omnibuses, and for the sum of ten cents (children half-price), you can take the ride to town, and have an excellent opportunity to take a front view of the many elegant villas which you passed on the cliffs, and you can also take in the magnificent view on the opposite side of the avenue. Should you desire to continue your walk, instead of taking the ride, you can keep along the rock-bound coast until you come to the Spouting Rock, which, however, is not always in its glory, The Ocean Drive is reached at this end of the city, but a walk around it, while it would be interesting, would not be desirable, but during the height of the season Burton's omnibuses leave Travers block, on Bellevue avenue, for the Ocean Drive, the price for which is but fifty cents.

On all the streets and avenues running from either side of Bellevue avenue are elegant residences, and a walk past them, under delightful shady trees, will not be devoid of interest. The time when the avenue is generally thronged with all sorts of equipages is between 4 and 7 P. M., although at any hour of the day the stranger will see enough horse-flesh and costly turn-outs to warrant him taking a stroll down the avenue.

Fort Adams should be visited. Strangers are always welcome within its formidable walls. The ferry-boat "Jamestown" leaves Ferry wharf several times a day for the fort, the fare being ten cents each way. This is by far the cheapest way to visit the second fortress in the country. Should you desire to take a sail and then reach the fort, you can do so for a moderate sum by engaging passage in one of the many sail-boats which are always ready to "push off" with one or more passengers. Tuesday and Friday afternoons the excellent military band at the fort gives free concerts. They commence at 5 P. M., and last about two hours. Hundreds avail themselves of the privilege of making a visit to the fort, where, on an excellent promenade, they can see and hear everything.

Block Island and Narraganset Pier are readily reached by sailing and steam packets.

A sail up and down the bay, as well as a run out as far as the light-ship, if you are not afraid of being sea-sick, will be a very pleasant trip, and one which can be enjoyed for $1.00 per hour, with an excellent captain, who will tell you all, and even more, than you want to know in regard to the picturesque surroundings.

There are many other attractive spots to visit, but those mentioned are all that can be seen to advantage in one brief visit. The price of a horse and carriage for a few hours' ride will not be found as high as has been reported by irresponsible newspaper writers; and if the visitors can afford this luxury, they should, without fail, avail themselves of it. The locations of the drives will readily present themselves. If sufficient time is afforded, a visit should be paid to Purgatory, Paradise, and the Hanging Rocks; but these localities are out of the city limits, and are of minor importance compared with those which can be seen with a great deal less trouble. An opportunity is offered by the Continental Steamboat Company to leave the place several times a day — twice in the morning and twice at night — stopping at the various resorts on Narragansett Bay, Rocky Point in particular. An opportunity is also offered by the Old Colony Railroad Company to leave the place four times per day for Boston and elsewhere, and connecting twice a day or more with trains running to Providence from Fall River. There are two ways of going to New York, viz.: via Wickford, and also via the boats of the Old Colony Steamboat Company, which, during the season, leave the head of Long wharf Sunday, as well as other nights.
